Mrs. Almira Thomes has been on the farm since April 26.

Mrs. Lydia York has been cared for during the year at Mellen A. York's and the cost at present is \$1.00 per day. She has been sick and a great care.

Miss Zilpha Rowe has been cared for at Sibyl Bunnells and at her brothers at the cost of \$5.00 per week.

Mrs. Phebe Harding has received aid for board of \$3.00 per week and Henry H. Butterfield's family as usual to the amount of \$104.00.

The care of the farm was in the hands of Wm. Wentworth and wife, from April 1 to Aug. 25 which was very unsatisfactory and he was removed, since that time it has been in the hands of George H. Hoyt who has been more successful.

Attention is called to the fact that an amount of the school money has been unexpended for a good many years, there being from \$400. to \$600. unexpended in the last few years.

By law, the amount raised and that given by the State must be expended.

About time the fall term of school closed I received a notice from the State Superintendent to the effect that we must come nearer spending this amount or be in danger of losing our State aid.

A meeting of the school board was called and they decided to make the winter term long enough to spend this surplus money. Of course it would have been better to have had more school in warmer weather, but in this case we had to have a long winter term.

It has been a pretty severe winter for small children to attend, but I want to say right here that if every parent had the interest in their children that some

have, there would be a better average attendance and less boys and girls at large in the streets.

If a child has ever so great a desire to attend school, let the parents allow them to stay at home one or two days, they get behind in their class and soon don't want to go. Bring up your children to know that it is their duty to attend school regularly and to obey their teacher and there will be no trouble.

There has been quite a number of scholars kept out of school this winter and the excuses are familiar to us all. I condemn the parents in every case, and pity the children for being so unfortunate as to have such careless and selfish parents.

New seats have been installed at East Baldwin house, the outbuilding at West Baldwin remodeled and various other repairs. I would recommend new seats at North Baldwin.

As to text books, we're pretty well supplied for all except arithmetics. Those need to be changed for better and more up-to-date methods.

Thanking all who have tried to make the schools a success for the past year I submit the foregoing report.

A. W. WENTWORTH,

Supt. of Schools.

Town of Baldwin.

Growing

¶We grow because we believe in growing. ¶We sell good clothes because we believe in good goods. ¶Selling good clothes holds old customers and makes new ones. ¶The past year has been the largest we have ever had, and still we are not done growing, because we are going to continue to sell **GOOD GOODS.**
